## **By the Way . . . The California Department of Education Posts Pandemic Flu Manual for Use by Schools**

The *Pandemic Flu Manual*, created by the California Department of Education (CDE), is a state-specific supplement to the guidance provided for schools by the Centers for Disease Control and the U.S. Department of Education. It covers a number of topics, including recommendations and resources available for preparedness and prevention, notification and reporting procedures for student dismissals, and fiscal impacts of extended school, district, or statewide student dismissals if ordered by a public health officer due to pandemic influenza. The document is available on the CDE website at: [www.cde.ca.gov/ls/he/hn/documents/pandemicflumannual.doc](http://www.cde.ca.gov/ls/he/hn/documents/pandemicflumannual.doc).
